

BOOTH DISPLAY SPECIFICATIONS

Perimeter Booth

A Perimeter Booth is a Linear Booth that backs to a wall of the exhibit facility rather than to another exhibit. Perimeter booths have a 12ft (3.66m) maximum height limit.

Display materials should not obstruct or block sight lines of neighboring exhibitors. The maximum height of 12ft (3.66m) is allowed only in the rear half of the booth space, with a 4ft (1.22m) height limit imposed on all materials in the remaining space forward to the aisle. (Note: When 3 or more Linear Booths are used in combination as a single exhibit space (10'x30'), the 4ft (1.22) height limitation is applied only to that portion of exhibit space which is within 10ft (3.05m) of an adjoining booth.)
