

COMPLIMENTARY WiFi at OCCC

IAAPA is happy to be offering complimentary WiFi internet service during Attractions Expo 2010. WiFi internet coverage will be available in all public space, exhibit halls, meeting rooms, and concourse areas of the North/South Building.

Please refer to the "Exhibitor Wireless Information" page found in the Orange County Convention Center section of the Exhibitor Services Guide for more information.

Please note that we do not recommend this service as a replacement for hard wired business-class services for exhibitors' presentations. This service is susceptible to interference on the expo floor, and exhibitors may not experience adequate signal reception and speeds for business presentations. Our suggestion is to utilize wired connectivity in all instances where business-class or "always on" service is required.
