

**MANUFACTURER and SUPPLIER WEBINAR:
Health, Safety, and Your Exhibit at IAAPA**

July 14, 2021 – 10 A.M. EDT / 4 P.M. CEST

For some companies it will be more than two years since exhibiting in a live environment, and the first time traveling and attending a large event since the onset of the COVID-19 pandemic. IAAPA is ready to welcome attendees and exhibitors together in a safe environment with best practices and information to ensure a secure and successful show for your team. Whether you are exhibiting at IAAPA Expo Asia in Shanghai, IAAPA Expo Europe in Barcelona, or IAAPA Expo in Orlando, you'll learn about the measures taken by IAAPA and our partners, and considerations for you and your staff to prepare your exhibit.

Speakers:

Stacey L. Mills, CMP, CEM
Senior Director,
Conference and Trade
Show Operations
IAAPA

William Khabbaz Neto
Director of Operations
EMEA
IAAPA

There will be ample time for questions, but you may also submit questions in advance when you register.

There is no cost to attend this webinar. A recorded version will be available for those not able to attend the live event. The presentation slides will be available in Chinese with the recorded version.
